Roles and Responsibilities

We will follow both the national guidance, issued by the Department for Education (Keeping Children Safe in Education – Statutory Guidance for Schools and Further Education Colleges, updated September 2021) and local information provided by the Manchester Safeguarding Children’s Board to:

- Ensure we have a nominated Governor responsible for safeguarding.
- Ensure there is a Designated Safeguarding Lead (DSL) for Safeguarding and Child protection, as well as a Deputy, who will provide leadership and management for the safeguarding agenda, and who will regularly update their knowledge and expertise through training and communication with appropriate bodies.
- The College’s Designated Safeguarding Lead is Antony Lyons (emergency contact number: 07970787480) and our Deputy Safeguarding Lead is Adele Carney (emergency contact number: 07534421938).
- Whilst the activities of the DSL can be delegated to appropriately trained deputy, the ultimate lead responsibility for safeguarding and child protection, as set out above, remains with the designated safeguarding lead. This responsibility should not be delegated.
- Ensure there is a nominated Manager responsible for female welfare. This is in place.
- Ensure that in the absence of the DSL and the Deputy, there is someone to be responsible for Safeguarding and Child Protection.

The DSL will, in order to raise awareness and support those with safeguarding issues:

- Ensure that every member of staff and the Governing Body knows his/her name and role.
- Ensure that there are effective systems for identifying safeguarding concerns, and that these are communicated to those who need to know and that they receive effective guidance.
- Ensure that all students are made aware of how to raise safeguarding concerns and the support available to them.

- Ensure that the Child Protection Policy and procedures are made available publicly and that parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the college in this.
- Ensure that each member of staff has access to and understands the college’s safeguarding and child protection policies, guidelines and procedures, and that these are applied appropriately.
- Ensure that, as part of induction, all new staff, including temporary and voluntary staff, are made aware of safeguarding issues including issues of confidentiality, child protection, the name of the DSL and what to do if they have concerns about a young person.
- Ensure that all members of staff are familiar with their obligations as outlined in Keeping Children Safe in Education (part 1) updated September 2021, and understand that they are required to read it.
- Link with the local LSCB to make sure that staff are aware of training opportunities and the latest local policies on safeguarding, and provide access to refresher training and awareness raising activities to ensure that all staff are aware of their responsibilities in the safeguarding of our students.
- Be alert to the specific needs of children in need, those with special educational needs and young carers.
- Staff receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.
- Encourage a culture of listening to children and taking account of their wishes and feelings amongst all staff and in any measures the college may put in place to protect them.
- Being responsive to the needs and wishes of local authority regulations and directives (e.g. student safeguarding risk assessment during the pandemic).

In making referrals and dealing with safeguarding concerns:

- Refer all cases of suspected abuse to the local authority children’s social care.
- All cases of FGM must be referred to the Police immediately by the staff member.

These records should be on the college's safeguarding software MyConcern, which is fully compliant with the General Data Protection Regulation (2018). Any additional written records shall be locked away from the main student files.
- Where children leave the college, ensure their child protection file is copied for any new school or college as soon as possible but transferred separately from the main pupil file.
